1. Qualitative Information on Financial Results for the Period under Review

(1) Explanation on Results of Operations

During the nine months ended November 30, 2013, the Japanese economy headed toward a mild selfsustained recovery against the backdrop of factors such as an improvement in corporate earnings and a recovery in stock prices.

According to the Consumer Confidence Survey published by the Cabinet Office, the base for consumer confidence of individual consumers is improving.

However, concerning clothing, harsh conditions persist for storefront conditions within each retail business type, apart from a small number of exceptions.

Amid these circumstances, the Company made efforts to expand net sales in order to offset the decrease in profit margins caused by the continuing depreciation of the yen. As a result, net sales increased, but were unable to cover the decrease in profit margins caused by the continuing depreciation of the yen, and operating income decreased.

The Group has declared "Global Challenge" as its medium- to long-term vision, and established the Representative Office in Ho Chi Minh City to put this vision into concrete shape. In a continuing effort to recover from the decrease in profit margins, the Group will further expand production bases in the ASEAN countries, beginning with inland China, Vietnam, and Cambodia.

As for the retail business, the new brand "BERARDI" was launched in 30 major department stores nationwide from this spring season.

In the rental business, the Company decided to lease property it owns in Sakae 3-chome to PARCO CO., LTD. A new type of shop-based commercial complex "ZERO GATE" is scheduled to open in the fall of 2014.

Also, in June, the Company opened its second Komeda Coffee Shop as a franchisee in Kinshicho, Tokyo.

As a result, consolidated performance in the nine months ended November 30, 2013 registered 61,002 million yen net sales (7.1% increase from the previous corresponding period), 1,835 million yen operating income (36.5% decrease from the previous corresponding period), 1,925 million yen ordinary income (34.5% decrease from the previous corresponding period) and 1,204 million yen net income (27.2% decrease from the previous corresponding period).

2. Matters Related to Summary Information (Others)

(1) Changes in accounting policies, changes in accounting estimates and restatements

(Changes in accounting policies which are difficult to distinguish from changes in accounting estimates) In compliance with the amendment of the Corporation Tax Act, the Company and its domestic consolidated subsidiaries, from the three months ended May 31, 2013, changed over to the depreciation method based on the amended Act, for the property, plant and equipment acquired on and after March 1, 2013.
