Notice regarding an individual infected with the novel coronavirus

One of our employees at the head office (6-1 Ushijimacho, Nishi-ku, Nagoya) has been found to be infected with the novel coronavirus on Saturday, May 22.

The said employee developed a slight fever on Thursday, May 20 while working from home. A PCR test was then performed on Friday, May 21, and the result was confirmed to be positive on Saturday, May 22. The said employee is now resting at home.

An interview carried out by the public health center confirmed that there were no close contacts with the said employee.

In response to this, we will promptly conduct disinfection work at the office area where the said employee has used.

Our group companies are committed to continue to prevent the spread of infection by wearing masks, washing hands frequently, using ZOOM, etc. as an alternative to meeting and training sessions at the office, maintaining social distance when using reception rooms, etc., restricting business travel, introducing staggered working hours, and increasing telecommuting, etc.

We apologize for any concerns this may have caused to stakeholders. Thank you for your understanding.
